"CLOVER DAY SALES" 9 more to

Two "Clovers" that bring luck to every woman who wants a fine coat-

Plush coats of that rich quality \$ Cloth coats every one a reproduction of an expensive French model

And for the life of us we don't know which group offers the greatest value! But we do know that the plush coats are the best plush coat values that the Tri-Cities have had this season. And that the same may be said for the cloth coats. It's just a matter of whether you prefer plush or cloth—you get a great bargain which ever you choose.

The plush coats—

-are of a rich deep pile, glossy plush that from a little distance has the appearance of Hudson Seal. They reflect the latest style ideas of some of the best designers in the country.

There are both three-quarter and full length models-many have collars of a harmonizing fur or great wrappy collars of plush.

Every one is full lined with handsome silk or Venetian cloth. And just take one glance at the linings! That will tell you more of their quality than we could in a

To start the sale we have every size from 16 to 46—the early visitor is sure to

The cloth coats—

-are in sizes for women and missesand no two are exactly alike-each one is individual-each one characterful! The materials are the kind from which the "beyond-the-reach" models are made. Bolivia-but such Bolivia! Fascinating Silvertones—so rich—so soft! Velour-

that will make you think Velour the pret-tiest of fabrics! And even Duvet-de-laine!— and the much talked of Evora!

Some have luxurious collars of furothers of self material, but so stunning you would not have it changed for the finest of fur. There are both "wrappy" and regulation-styles. A wide color choice.
